

Health and Safety Plan Summary: Alliance for Progress CharterSchool.

Date of Last Revision: 02/07/2022

Date of Last Review: 02/15/2022

Board Approved: 02/15/2022

1. How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?

Plexiglass Desk Dividers and partitions have been installed. Students will enter through different entrances to avoid crowding and promote social distancing.

Staff and students will continue to wear masks. Bathroom breaks will be staggered to avoid crowding and promote social distancing.

Transportation is provided by the School District of Philadelphia and AFPCS will follow the SDP guidelines.

PPE Stations have been placed throughout our buildings in hallways and other areas for ease of access. PPE stations contain extra masks, hand sanitizer and sanitizing wipes.

The AFPCS cleaning staff has a daily schedule of cleaning and sanitizing the school buildings.

Each Friday the buildings are thoroughly sanitized with electrostatic spraying equipment.

Ultraviolet air filtration systems have been installed in both of our buildings.

Staff and Students will be tested for Covid prior to beginning school and monthly.

2. How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?

Students will continue to be educated by the qualified educators.

The school had a summer enrichment program to assist with any learning loss as a result of the pandemic and to assist with a smooth transition in returning to the classroom for the upcoming school year.

AFPCS is currently in the process of hiring additional support staff for additional social, emotional and mental health student support. Most recently, AFPCS added a Health Assistant to support with tracking and Covid related issues.

AFPCS will also hire additional interventionists for small group instruction targeting learning loss.

AFPCS has put in place a focus on "Trauma Informed Education" that consist of ongoing Professional Development to address social emotional needs of both students and staff.

We also plan to continue to offer our after school tutoring program for all students in the coming school year.

3. Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.

ARP ESSER Requirement	Strategies, Policies, and Procedures
<ol style="list-style-type: none"> a. Universal and correct wearing of <u>masks</u>; 	<p>Students and staff will be provided with masks, required to bring masks and the school will provide face shields.</p> <p>Visitor's access will be limited and they will be required to wear masks. ESSER funds will be utilized to purchase PPE.</p>

b. Modifying facilities to allow for physical distancing (e.g., use of cohorts/podding);

As scheduled, students will receive small group instruction that promotes social distancing and provides more targeted instruction. Small groups will follow a daily instructional schedule.

Students and staff will be provided masks, encouraged to bring masks and also provided face shields. Classrooms will be organized with students at least three feet apart with plexiglass shields on each desk/table.

Excess furniture will be removed to maximize space in the classroom and any common areas.

All communal spaces will have a one-way flow of traffic (hallways), hand sanitizer and hand washing stations available, and allow for the

and collaborated on as issues arise. Unique safety procedures will be addressed by the school nurse, and the IEP/504 team on a case-by-case basis

- Students will be provided with the amount of support needed to benefit from all presented learning opportunities as needed based on the format of presentation.
- Additional intervention time and screening of skills will be utilized to address learning gaps.
- Special Education staff will conduct IEP meetings and be in extensive contact with families as needed to ensure robust delivery of services to the greatest extent possible
- Student Services staff will be in communication with all families to ensure they are aware of resources for social- emotional wellness, additional counseling and social work services will be offered and specific programming provided to students
- Student support staff will coordinate supports for students who have been identified or who self-identify as needing social and emotional support, including, but not limited to, counseling and social work services.
- Student Services staff will outline the counseling and SST referral process so that staff, parents, and students can easily refer students for assistance across academic, behavioral and mental health needs.
- All staff will receive training on Trauma informed practices

i. Coordination with state and local health officials.

AFPCS administrative staff, as well as our Board of Trustees, regularly monitors guidance from state and local officials. Currently we provide daily reports to the School District of Philadelphia regarding any active cases of Covid discovered in our school.
